

REMARKS:

1) In a Telephone Interview initiated by the Examiner on Aug. 9, 2005, the Examiner required Restriction among the Group I claims 1 to 20, the Group II claims 21 to 23, and the Group III claim 24, as respectively relating to independent and distinct combinations/sub-combinations. This paper is a Response to the Telephonic Restriction Requirement.

2) The claims have been amended as follows.

Claims 1 to 23 have been canceled.

Original claim 24 has been maintained without amendment.

New claims 25 to 47 have been introduced. The new claims 25 to 47 are based on the original claims 2 to 18, 1, and 19 to 23, in sequence, and thus do not introduce any new matter.

Namely, claims 25 to 41 are based on original claims 2 to 18, but have been revised to depend from claim 24 rather than original claim 1 (new claim 42). Claim 42 is a combination claim based on original claim 1 but now depending from claim 24. Claims 43 and 44 are based on original claims 19 and 20, now depending from new claim 42. Claim 45 is a combination claim based on original claim 21 but now depending from claim 24. Claims 46 and 47 are based on original claims 22 and 23, now depending from claim 45.

Entry and consideration of the new claims are respectfully requested.

- 3) The Examiner is respectfully requested to acknowledge and approve the following items:
- a) the Foreign Priority Claim and receipt of the certified copy of the Foreign Priority Document that was filed herein on April 15, 2004;
  - b) the Formal Drawings filed herein on April 15, 2004; and
  - c) the Information Disclosure Statement filed herein on April 15, 2004.
- 4) In Response to the Restriction Requirement, the sub-combination invention of Group III (original claim 24) is hereby elected for examination. After the present amendment, claims 24 to 41 are included in the elected group and read on the elected sub-combination invention directed to a portable handheld device.
- 5) Claims 42 to 47 do not read on the elected sub-combination invention, but depend from the elected independent claim 24 and are directed to a combination of the elected portable handheld device together with further elements. In the event the elected sub-combination claims are ultimately found allowable, the Examiner is respectfully requested to rejoin, consider and allow the dependent combination claims 42 to 47.
